VIRTUAL CARE

By signing below, you are acknowledging that you understand the risks and benefits of your child receiving treatment through Virtual Care and you give consent for us to treat your child by Virtual Care. Virtual care is the use of electronic information and communication technologies by a healthcare provider (using interactive audio, video or data communications) to deliver services to your child when the provider is located at a different place. Not every condition can be treated by virtual care. If your child's treatment provider believes your child would be better served by in-person treatment you will be notified and referred to an in-person setting for further care. Your child's care team will decide if more treatment is needed at the hospital.

Virtual care encounters are still subject to the requirements of the HIPAA Privacy Rule that apply to Protected Health Information (outlined in the Release of Information section above). If you text or email us with patient information in an unsecured manner, you understand the risks of doing so (see our Guidelines for Email under the above Privacy Practices link for examples) and give us permission to respond to you in a similar, unsecured manner. There is the risk that treatment provided by Virtual Care could be disrupted due to technical failures.

RE: ASBESTOS AWARENESS LETTER

Federal law requires that every school, including Northside Christian Academy (NCA), report annually as to the presence of asbestos in the school's facilities. Experts certified in asbestos abatement have verified that the school has small quantities of asbestos in some of its building materials, in some buildings on campus, but their inspection reports that the asbestos is in such small quantities as to present virtually no health risk to employees or students.

NCA implemented its management plan on August 19, 1988 and has been conducting periodic surveillance of all asbestos-containing building materials. This periodic surveillance and inspection are conducted to provide a continuous assessment to assure safety conscious management of asbestos-containing materials.

The detailed plan and updated information for each building and the entire school is open to public review. As the Local Education Agency designee I maintain our records. If you have any questions, please contact me at 704-602-2274.

Dress Code Policy

POLICY STATEMENT

The Administration of Northside Christian Academy has sought to develop a standard of modest dress and general appearance for students that will:

- Be a testimony from the whole student body.
- Be a testimony for the Christian atmosphere of our school.
- Enhance the educational process.

The purpose of the dress code is to encourage an environment that is conducive to learning. Classrooms are not arenas for freedom of expression and there is a correlation between appropriate attire and student performance and behavior. In general, the goal of the dress code is intended to address three areas: modesty, identity and propriety. The determination of whether or not dress standards meet these criteria is up to the discretion of the administration of Northside Christian Academy.

Modesty means the clothing should not be suggestive, revealing or overtly calling attention to one's body. Identity deals with association and can cover everything from style to advertising. Propriety asks if what one is wearing is appropriate to the occasion and with whom one is interacting as a representative of the Lord.

PARENT'S PLEDGE

As part of your enrollment agreement, our uniform policy will only work if both the home and school work together to maintain a consistent set of standards for student dress. While it is a parent's place to gradually hand over more and more responsibilities to their growing child, the parent is ultimately responsible to ensure that CampusWear standards are cheerfully followed.

UNIFORM VENDORS

Uniform items are available for purchase at approved vendors. Students should not purchase items outside of the approved selections at each vendor and should not have the NCA logo printed or embroidered on unapproved items. The following vendors are the only permissible providers of the NCA Uniform:

- French Toast: All of NCA's standard uniform items are available from French Toast. Items may be ordered online at www.frenchtoast.com. Click on "Shop by School," and use **School Number QS444AC**.
- Awards Express: All of NCA's spirit apparel as well as PE shirts may be purchased here **see pages 19-20**.
- Used Uniform Store at NCA: NCA will have opportunities to purchase used uniforms from our used uniform store throughout the year.
- Bottoms (pants, shirts, skirts, skorts, jumpers) are available for purchase through French Toast.

The following dress code is a guide to help maintain an orderly environment in which students come to school ready to learn. Northside Christian Academy is committed to enforcing the dress code as fairly as possible. Daily parent partnership is important to ensure each students' attire aligns with the guidelines listed below. Students at NCA are expected to dress in a manner that reflects a Christian worldview while at school.

Concussion Information Sheet

What is a concussion? A concussion is an injury to the brain caused by a direct or indirect blow to the head. It results in your brain not working as it should. It may or may not cause you to black out or pass out. It can happen to you from a fall, a hit to the head, or a hit to the body that causes your head and your brain to move quickly back and forth.

How do I know if I have a concussion? There are many signs and symptoms that you may have following a concussion. A concussion can affect your thinking, the way your body feels, your mood, or your sleep. Here is what to look for:

Thinking/Remembering	Physical	Emotional/Mood	Sleep
Difficulty thinking clearly	Headache	Irritability-things bother you more easily	Sleeping more than usual
Taking longer to figure things out	Fuzzy or blurry vision	Sadness	Sleeping less than usual
Difficulty concentrating	Feeling sick to your stomach/queasy	Being more moody	Trouble falling asleep
Difficulty remembering new information	Vomiting/throwing up	Feeling nervous or worried	Feeling tired
	Dizziness	Crying more	
	Balance problems		
	Sensitivity to noise or light		

Table is adapted from the Centers for Disease Control and Prevention (<http://www.cdc.gov/concussion/>)

What should I do if I think I have a concussion? If you are having any of the signs or symptoms listed above, you should tell your parents, coach, athletic trainer or school nurse so they can get you the help you need. If a parent notices these symptoms, they should inform the school nurse or athletic trainer.

When should I be particularly concerned? If you have a headache that gets worse over time, you are unable to control your body, you throw up repeatedly or feel more and more sick to your stomach, or your words are coming out funny/slurred, you should let an adult like your parent or coach or teacher know right away, so they can get you the help you need before things get any worse.

What are some of the problems that may affect me after a concussion? You may have trouble in some of your classes at school or even with activities at home. If you continue to play or return to play too early with a concussion, you may have long term trouble remembering things or paying attention, headaches may last a long time, or personality changes can occur. Once you have a concussion, you are more likely to have another concussion.

How do I know when it's ok to return to physical activity and my sport after a concussion? After telling your coach, your parents, and any medical personnel around that you think you have a concussion, you will probably be seen by a doctor trained in helping people with concussions. Your school and your parents can help you decide who is best to treat you and help to make the decision on when you should return to activity/play or practice. Your school will have a policy in place for how to treat concussions. You should not return to play or practice on the same day as your suspected concussion.

You should not have any symptoms at rest or during/after activity when you return to play, as this is a sign your brain has not recovered from the injury.

This information is provided to you by the UNC Matthew Gfeller Sport-Related TBI Research Center, North Carolina Medical Society, North Carolina Athletic Trainers' Association, Brain Injury Association of North Carolina, North Carolina Neuropsychological Society, and North Carolina High School Athletic Association.

Gfeller-Waller NCHSAA Student-Athlete & Parent/Legal Custodian Concussion Statement Form

Instructions: The student athlete and his/her parent or legal custodian, must initially beside each statement acknowledging that they have read and understand the corresponding statement. The student-athlete should initial in the left column and the parent or legal custodian should initial in the right column. Some statements are applicable only to the student-athlete and should only be initialed by the student-athlete. This form must be completed for each student-athlete, even if there are multiple student-athletes in the household.

Student-Athlete Name: (Print) _____ Grade _____

Parent/Legal Custodian Name(s): (Print) _____ Date _____

Student Initials		Parent Initials
	A concussion is a brain injury, which should be reported to my parent(s) or legal custodian(s), my or my child's coach(es), or a medical professional if one is available.	
	A concussion cannot be "seen." Some signs and symptoms might be present immediately; however, other symptoms can appear hours or days after an injury	
	I will tell my parents, my coach and/or a medical professional about my injuries and illnesses.	
	If I think a teammate has a concussion, I should tell my coach(es), parent(s)/legal custodian(s), or medical professional about the concussion.	
	I, or my child, will not return to play in a game or practice if a hit to my, or my child's head or body causes any concussion-related symptoms.	
	I, or my child, will need written permission from a medical professional trained in concussion management to return to play or practice after a concussion.	
	Based on the latest data, most concussions take days or weeks to get better. A concussion may not go away, right away. I realize that resolution from a concussion is a process that may require more than one medical visit.	
	I realize that ER/Urgent Care physicians will not provide clearance to return to play or practice, if seen immediately or shortly after the injury.	
	After a concussion, the brain needs time to heal. I understand that I or my child is much more likely to have another concussion or more serious brain injury if return to play or practice occurs before concussion symptoms go away.	
	Sometimes, repeat concussions can cause serious and long-lasting problems.	
	I have read the concussion symptoms listed on the Student-Athlete/Parent Legal Custodian Concussion information sheet.	
	I have asked as an adult and/or medical profession to explain any information contained in the Student-Athlete & Parent Concussion Statement Form or Information Sheet that I do not understand.	

By signing below, we agree that we have ready and understand the information contained in the Student-Athlete & Parent/Legal Custodian Concussion Statement Form, and have appropriately initialed beside each statement.

Camp week gives us an opportunity to get away from the daily routine and distractions and focus on spiritual emphasis. The purpose of the camp is to provide a time when students come together for fun, fellowship, developing friendships, and receiving encouragement from God's Word. Camp provides a setting for our faculty and staff to develop relationships with our students to help them spiritually and academically. In short, camp week helps set the right tone for a successful school year.

I hope that you are getting excited about this great week that is ahead of us. This will be a great time of development and growth. We are planning for about 80 students and 10 chaperones to attend this awesome event. Our theme this year is "UNITY", and I want to challenge you to start thinking about how this could be applied on a daily basis during our time together.

This is a mandatory trip and I would love to have all of our high school students attend. I also understand that because of personal circumstances some may not be able to do so. If you know that your student will NOT be attending, please email Mrs. Phillips by July 21, 2023 @danielle.phillips@ncacharlotte.com so that he/she is not included in our count.
